

How to get FERC email updates about the Proposed Gas Compressor Station in North Weymouth

Go to www.FERC.gov

Click on “Documents and Filings” and choose “eRegister”

Fill out your information and click “Done”. You should receive a confirmation email. Click on the link in the email to verify your email address. A new FERC window will pop up and confirm this. Now click “eSubscription” on the left hand side.

Click “Add New Subscription”

Type “PF15-12-000” in search box and click “Search”

Press the + under Select

Press the button that says “Subscribe”

You are now subscribed to receive an email anytime a new document is uploaded pertaining to the Algonquin Gas Atlantic Bridge Project.

To View Any and All Documents pertaining to the Algonquin Gas Atlantic Bridge Project (i.e. Gas Compressor Station proposed in North Weymouth).

Make sure you are logged in at www.FERC.gov

Click on “eLibrary” on the left hand side. If you are on home page, you can view from clicking the “Documents and Filings” and choose “eLibrary” from the drop down menu.

Click the "Docket Search" option (5th choice down)

Type "PF15-12" – LEAVE OUT THE ZEROS

All documents pertaining to the project will be listed.
